

Limited Lifetime Warranty

US FLASH warrants to the original end user customer of its products specified below that its products are free from defects in material and workmanship. Subject to the conditions and limitations set forth below, US FLASH will, at its option, either repair or replace any part of its products that prove defective by reason of improper workmanship or materials. Repaired parts or replacement products will be provided by US FLASH on an exchange basis, and will be either new or refurbished to be functionally equivalent to new. If US FLASH is unable to repair or replace the product, it will refund or credit the current value of the product at the time the warranty claim is made.

This limited warranty does not cover any damage to this product that results from improper installation, accident, abuse, misuse, natural disaster, insufficient or excessive electrical supply, abnormal mechanical or environmental conditions, or any unauthorized disassembly, repair, or modification. This limited warranty also does not apply to any product on which the original identification information has been altered, obliterated or removed, has not been handled or packaged correctly, has been sold as second-hand or has been resold contrary to the US export regulations.

This limited warranty covers only repair, replacement, refund or credit for defective US FLASH products, as provided above. US FLASH is not liable for, and does not cover under warranty, any loss of data or any costs associated with determining the source of system problems or removing, servicing or installing US FLASH products. This warranty excludes 3rd party software, connected equipment or stored data. In the event of a claim, US FLASH's sole obligation shall be replacement of the hardware.

Sincerely,

Gabe Gerhardt
